

Different styles to choose from

Can be located up to 1000 feet away from controls

Proven reliability

Precision electronic accuracy within $\pm 1^{\circ}\text{F}$

Made in the USA!

Description

Goldline provides a wide assortment of remote temperature sensors. These 10K ohm thermistor sensors are to be used with all Goldline temperature controls. General use and application specific sensor housings ensure that we have the sensor that will work best for your application.

Applications include

- Pool/Spa automation controls (Aqua Logic)
- Pool/Spa solar heating controls (GL-235, Aqua Solar)
- Solar water heating controls (GL-30)
- Replacement sensors for setpoint temperature controls (SP-xx) and temperature displays (TD-xx)

	SC-1/4 Screw-in for 1/4" NPT
	SC-1/2 Screw-in for 1/2" NPT
	SB Bolt on for flat surfaces
	PC Pool Combo - can be used as drill-in or insulation type 10" leads
	PC-12 PC with 15' leads
